"Ms. Capelle's ability to bring out the professional voice to a higher level is an amazing thing to watch and hear. Her students should be paying more for her valuable efforts and ability to teach. The caliber of her teaching is up there with any New York or Los Angeles Professional Vocal Teacher....

" I learned from Ms. Capelle, I feel that the style in which she teaches has enabled me to not only sing many different styles properly, but also be confident in my singing ability. I began with her when I was in my twenties and I had never had a singing lesson or any stage experience for that matter...Ms. Capelle showed patience and confidence in me. I truly feel that people are put in our lives for a reason; she was the catalyst for me fulfilling my dream of becoming a professional opera singer and I know that I will have a long career because of the technique that she taught.
